

Andrei Rodin

Place and Date of birth: Moscow (Russia), February 28, 1965

Nationality: Russian

Postal Address: 91 avenue de la Libération - BP 454. F-54001 NANCY Cedex, France

Corporate email: andrei.rodin@univ-lorraine.fr

Web: <http://philomatica.org>

Current affiliations:

(1) University of Lorraine (Nancy, France), lecturer at the laboratory Archives Henri-Poincaré (UMR 7117) and Engineering School ENSGSI (temporary joint research and teaching position, ATER)

(2) Associated Researcher (chercheur associé étranger) in the laboratory SPHERE (Paris), French National Center for Scientific Research (UMR7219)

(3) Smonly Beyond Borders program sponsored by Andrew Gagarin Center for Liberal Education

Past affiliations:

September 2012 - June 2022: Saint-Petersburg State University (Russia), Smolny College of Liberal Arts and Sciences;

February 2012 - June 2022: Russian Academy of Sciences, Institute of Philosophy (Moscow)

2007-2011: Postdoctoral Fellow at the Department of History and Philosophy of Science of University Paris-Diderot (Paris, France)

2003-2007: Postdoctoral Fellow at the Philosophy Department of Ecole Normale Supérieure (Paris),

2000-2002: Visiting Researcher and Lecturer in the University of Iceland (Reykjavik)

Fall 1998 - Spring 1999 : Fulbright Visiting Scholar at the Department of Philosophy of Columbia University (New York City)

1995-1998: Junior Researcher at the Institute of Philosophy of Russian Academy of Sciences

Academic qualifications:

2020 : Dr. Sc. in Philosophy; Hab. thesis title: “Axiomatic Architecture of Scientific Theories”; defended in Saint-Petersburg State University 23 December 2020.

1995 : Ph.D. in Philosophy; Ph.D. thesis title: “First Four Books of Euclid’s Elements in the Context of Plato’s and Aristotle’s Philosophy”; defended in the Institute of Philosophy of Russian Academy of Sciences

1990 : MA in Mathematics Education. MA thesis title: “A Comparative Analysis of reforms in mathematical education in the USSR, USA and France during the second half of 20th century”; obtained from Moscow Pedagogical Institute.

Research grants (last 10 years):

2023 - Research grant of the Maison de Sciences de l’Homme de Lorraine for the project “Durability of Digital Storages for Archival Purposes” (co-PI with Pierre Williams)

2022-2023: Research grant of Russian Scientific Foundation for the project “Epistemology of Digital Knowledge Representation: empirical conjectures, formal proofs and human understanding” (PI);

2019-2021: Research grant of Russian Foundation for Fundamental Research for the project “Problem of Knowledge Justification in Formal Epistemology” (PI);

2016- 2018: Research grant of Russian Foundation for Fundamental Research for the project “Logical and Epistemological Aspects of Constructive Knowledge” (PI);

2013-2015: Research grant of Russian Foundation for Humanities for the project “Axiomatic Method as a Tool of Scientific Inquiry” (PI);

2013-2015: Research grant of Russian Foundation for Fundamental Research for the project “Epistemic strategies of applications of mathematics in natural sciences” (PI);

2013-2014: Research grant of Saint-Petersburg University for the project “Mathematical and Logical Structures of Knowledge Representation” (PI).
